

November 23, 2025: On Tonight's Message to Our Home from the United States Government

Tonight, while working through my normal daily work, the spirit that has taken up residence around our home has brought to my attention that the following word should be given a prominent role in the documentation of their intentions and mindset.

As I do my work every day, I can identify that I am being spied upon by the constant feedback loop that I receive from a group of human beings that are spying on my house, and my work, and that 'secretly' (while hiding themselves, hiding their identities, and hiding their truthful intentions from the rest of the world) send me messages to reveal their hidden motives and intentions.

I am being 'secretly' and privately taken from my freedoms in many ways. I will use some of my most recent work to show how a spying force that emanates from our military is taking away my freedoms:

FREEDOM, INDEPENDENT, LIBERTY: refer to an absence of undue restrictions and an opportunity to exercise one's right and powers. FREEDOM emphasizes the opportunity given for the exercise of one's rights, powers, desires, or the like (*freedom of speech or conscience; freedom of movement*). INDEPENDENCE implies not only lack of restrictions but also the ability to stand alone, unsustained by anything else (*independence of thought promotes invention and discovery*). LIBERTY though most often interchanged with FREEDOM is also used to imply undue exercise of freedom. (*he took liberties with the text*)

In this example of the work that I am doing to present ideas to the world, I will state the following disruptions into my home and how they are depriving me of my freedom (inside of the United States of America)(by a group of criminals that are holding themselves out to be protecting the American way):

- I experiencing undue restrictions on my opportunity to exercise my right to move freely about the world, to practice law, to enforce my legal rights in a court of law, to speak to my wife privately, to have a moment of peace within my home, etc. I am constantly facing 'undue restrictions' in everything that I do and say - even in my own home as I am being monitored by the team of people that first began 'communicating to me' in the form of Donald Trump's campaign for president;
- I am experiencing the denial of my right to stand alone without being sustained by anyone else as opportunities for my career and advancement of any task or goal that I seek to accomplish is being actively sabotaged by a secret group of tiny-minded criminals that are using the United States government as a cover for their criminal activities; and

- I am experiencing that the tiny-minded criminals that are hiding behind the veil of government and sabotaging my personal and professional life are, in fact, 'taking liberties' that are well-beyond those liberties which they are allowed from the positions to which they are being entrusted by the American public.
- In summary, there is a large gang of criminals expressing themselves from inside of the American government to cause me a secret and private harm in my life because I do not want to join them in their criminal operation that is 'taking liberties' against the civil rights of the American people.

Tonight's message to me is regarding the following dictionary entry:

know or keep one's place to recognize one's social rank, especially if inferior, and adjust one's behavior accordingly (*they treated their servants well, but expected them always to know their place*)

Tonight, I am experiencing very loud 'signals' and 'signs' for me to recognize that I am an inferior person to those that are hiding within the American government and taking away my freedom.

I am recognizing the words that are being 'spoken' to me through their sign language and offering the following response: Donald Trump, Republican and Democrat politicians, and members of the United States government: I have done more to protect the rights of Americans from my bedroom than you have ever done while you parade around the world waving your flags and gobbling up the American tax dollar. You are a disgrace and absolutely do need to recognize your own place as inferiors in the world.

However, I am not asking you to be my servant, demanding that you be my servant or attempting to enslave you - as you are clearly attempting to engage in over the American public.

Shame on you all for not speaking out against the Nazi-ism that has taken root in the American government at this time. You are all a part of the problem and deserve to be publicly shamed for having failed to defend the values of the country that you so poorly represent.
